

# Sprint 2

Team Id: PNT2022TMID40106

## Uploading Data

The screenshot displays the IBM Cognos Analytics web application interface. At the top, a browser window shows the URL `us1.ca.analytics.ibm.com/bi/?perspective=home`. The application header includes the title "IBM Cognos Analytics with Watson", a search bar, and user profile information. A prominent blue banner at the top indicates a file named "Analyzing DHL\_Facilities.csv" is being processed, with buttons for "Watch video", "Take a pr...", "Cancel", and "Details". Below this, a "Quick launch" section offers four main actions: "Upload data" (with an icon of an upward arrow), "Prepare data" (with a puzzle piece icon), "Exploration" (with a magnifying glass icon), and "Present data" (with a bar chart icon). Each action includes a brief description of its function. At the bottom, a "Get started" tab is active, showing the text "Get up and running in IBM Cognos Analytics".
